AND STILL GOING STRONG!**

DUALCLICK

Ever since we set the standard for target archery sights with the AR-10 in 1979, no other brand of recurve sights has produced more champions or world records than Shibuya. The Dual Click line has been the sight of choice for a great number of top-ranked archers, such as the medal-winning Korean National Team!

THE CARBON ADVANTAGE

In addition to the standard aluminum extension, Dual Click line sights are available with a precision carbon composite extension. Carbon is stiffer and lighter than aluminum, and absorbs more vibrations and shock upon release!
